CORPORATE SOLUTION

SOFT SKILLS TRAINING AND PROFESSIONAL DEVELOPMENT

MISSION

In each of our core competencies, we apply flexible and resourceful solutions designed to provide our clients with the best possible training solution at a price that supports realistic execution. We want to be your preferred provider for training services, personnel services and support, and middle and top management.

APPROACH

Our essential elements are comprised of **Flexibility, Agility, Risk Mitigation and Risk Tolerance, Simplicity and an extreme Commitment to Excellence** in all we do.

ATTITUDE

We know that professionalism is the key to all success. We stand by our programs. Failure is never an option. When organizations like yours want employees who are engaged with their missions, values and visions, aligned with their strategic plans, and who have the skills needed to drive performance, they turn to Asian Aviation Centre of Excellence.

We are the leader in changing "**I understand where this company is going**" to "**I believe in where this company is going.**" The AACE TNA allows us to work together to create a unique roadmap to the future you envision. If the TNA discovers skill-gaps within your organization, we customize solutions for you that draw on our proprietary content.

CORPORATE LEADERSHIP TRAINING

THE AACE TNA

We follow a process that will help your organization to create outside-the-box ways to win the hearts – as well as the minds – of employees within your organization.

The AACE TNA is designed to get to the heart of what your organization needs and develop custom solutions, based around the AACE Training Methods, for those needs. We follow a 5-step process.

COMPETENCY BASED DEVELOPMENT PROGRAM

The Competency Based Development Program consists of unique modular programs designed to focus on areas that are important to the success of an organization. The program was created to reinforce organizational competencies and address performance gaps while giving participants the ability to apply what has been learned in their own work environment.

THE PROCESS

The AACE TNA is designed to get to the heart of what your organization needs, and develop custom solutions, based around the AACE TNA Training Methods, for those needs. We follow a 6 step process as follows:

COMPETENCY AREAS

The Competency Based Development Program consists of unique modular programs designed to focus on areas that are important to the success of an organization. The system was created to reinforce organizational competencies and address performance gaps while giving participants the ability to apply what has been learned in their own work environment.
